

Accounting Analysis Table

The Accounting Analysis code is used to define the type of fund, account validity and where the salary and employer paid benefit expenses are to be charged. It is very important to select the correct Accounting Analysis code when creating an account in FAMIS. The following table will assist you in making the appropriate selection.

Account Number	Accounting Analysis Code
FROM:	TO: USE:
100000	121199 0010
160290	160299 0015
121200	140099 0020
141000	159999
140280	140409 0021
160400	160499 0022
160000	160199 0023
160330	160399
165000	165999 0040
170001	179999
160250	160259 0050
160260	160269 0051
165700	165799 5100
280000	289999 5050
165800	165899
200000	200060
200062	212019
212021	279999
290000	600039
600041	600139
600141	600149
600151	600239
600241	600899 5010
600901	601309
601311	601349
601351	611669
611671	619019
619021	633939
633941	650429
650431	650819
650821	999999
200061	200061 5011
212020	212020 5012
